

High & Wild Wilderness Adventures 2017 Application Form

The ultimate horsemanship experience! This is not a dude ranch, it is a horsemanship learning adventure in a private setting high up in the mountains. Take your horsemanship to a new level while working with Glenn and his team in this natural setting. You will work with sturdy mountain bred horses in some of the most beautiful country you will ever see. The location, environment and horses keep you swimming in adventure and horsemanship learning opportunities.

Safety is the key to this adventure and prior to participating everyone must demonstrate a minimum level of horsemanship that is equivalent to Stage 1. The further an individual is in the stages program the more likely they will be to work directly with Glenn and actively participate in the training of the herd.
