About Bagaceira:

Bagaceira do Vouga is a super talented golden horse with an excellent bloodline which will make her a top breeding mare. Her brothers have shown success as sport horses and have a good record from Exhibitions. Her sisters Vinha do Vouga and Xarola do Vouga were exported to the US from the 2005 Collection in Brazil, and her brother Zeppelin was sold during the 2008 Collection in Florida. Bagaceira performs all of the basic dressage exercises with grace, rhythm and balance. An exciting mover, she has a wonderful extended trot. She demonstrates freedom of movement and suspension. Her movements are powerful; her hind quarters are naturally engaged. Bagaceira do Vouga has all of the abilities we look for in a competition horse – beauty, a kind temperament and naturally balanced mobility. She has a bright future.
