**About Az:**

Az do Vouga brings excellent mobility and movements and a willing character from his Veiga lineage and loyalty, concentration, power and strength from his Andrade lineage. What a promising combination for a sport horse! Built with superior athletic conformation, Az has three correct gaits and is a pleasure to ride. He requires only light hands and legs to deliver a free, natural walk and a rhythmical, balanced trot. Throughout, he moves with balance, suspension and power. An easy horse to start, Az do Vouga is perfect for an amateur or experienced rider who appreciates such fine talent and breeding.
